Index to Volume XII

References are to the beginning pages of discussion, which may be intermittent.

Ability grouping, 28
Absence, 24
Acceleration of pupils, 28, 494
Accidents, 241
Accounting (financial and property), 238, 551
Activity education, 263, 264, 276, 280; bibliography, 281; evaluation, 282, 364
Adaptability of schools, 493
Adjustment, 10, 49; factors affecting, 30; in the school, 21, 30, 110; interviews, 52; prediction, 483; surveys, 494
Adolescence, physical development, 9
Adolescents, problems of, 9
Adult education, 153; guidance, 118; housing, 142
Advertising, 435, 438
Age, increasing, 157
Age-grade status, 497
Agriculture, 96
Algebra, 405; achievement, 407; prediction, 408, 427
Alumni, 523, 535
Analysis of covariance, 506, 516
Analysis of social needs, 7, 142, 262, 274, 524
Analysis of variance, 429, 509, 515
Anecdotal records, 32, 36, 481
Architects, 168, 187, 224
Arithmetic, 386; achievement, 406; addition, 391; analysis of social needs, 387; bibliography, 386; curriculum, 387, 405; diagnosis, 395, 407, 487; division, 393; error studies, 396; grade placement, 390; measurement, 396; problem solving, 395, 407; psychology, 392; readiness, 388; remedial instruction, 395; subtraction, 393; teaching, 392; textbooks, 397; visual aids, 409; *see also* mathematics
Art, appreciation, 34; measurement, 34
Assemblies, 75
Assumptions, 425; in research, 502, 515
Athletics, 76
Attendance, 23; amount, 24; factors affecting, 24; services, 26
Attention, 300
Attitudes, changes in, 10, 508; factors affecting, 312; measurement, 349; motion pictures and, 338
Auditorium, 147, 205
Auditory aids in education, 511
Authority, 77; vs. freedom, 280
Bibliographical work, 460; aids, 460
Biology, teaching, 412
Blackboards, 204
Bonded debt, 185, 193, 222
Bonds, 221; legal aspects, 184, 221; protective bonds, 188
Budgeting, publicity, 564
Buildings, *see* school buildings
Calculating machines, 392, 552
Campaigns for school support, 221
Camps, 440
Canadian education, 119
Capital outlay, court decisions, 184; federal support, 162, 184, 192; financing, 184, 193, 222, 243; state support, 238
Case study, 36, 482, 487
Causation, 296
Census tracts, 152, 153
Centralization of control of education, 237
Checking (on calculations), 553
Checklists, for buildings, 141
Chemistry, 432; analysis of social needs, 414
City planning, 155
Classification, of cases in research, 552; of pupils, 494
Classroom design, 141, 179
Clubs and youth organizations, academic, 74, 439
College students, 12; adjustment, 117; admission, 364, 414; aptitude, 509; attitudes, 13; finances, 15, 92; housing, 79; interests, 526; personality, 14, 485; personnel needs and services, 57, 91, 115; physical status, 12
Colleges and universities, 91; accrediting and appraisal, 91, 522, 523; buildings, 79; cooperation and coordination, 117; directories, 91; faculty, 117; legislation and court decisions, 242, 249; relations with high schools, 265; teaching, 118
Community and school, 141, 265; cooperation, 118, 143
Community centers, 176
Community studies, 143, 145, 151, 494
Community use of school plant, 141, 172, 176, 195; court decisions, 243
Comparability of data, 329
Concepts, 7
Conservation, of resources, 373, 415
Contemporary studies, 267

Cooperative Study of Secondary School Standards, 88, 527
Correlation, 501; averaging, 502; intraclass, 505; statistical significance, 501; technique, 551
Cost of education, personal, 11
Counseling, 45, 90; evaluation, 57
Counselors, certification, 129; qualifications, 125
Cultural factors, 347
Cumulative records, 32, 33
Current events, 305, 526
Curriculum, organization, 274; philosophy, 7, 259; relation to culture, 7
Curriculum-making, 259; various approaches, 259

Deaf and hard of hearing, adjustment, 507
Deans, 125; of women, 130
Defense, *see* national defense
Democracy, 22, 263, 291, 295; in leadership, 77; teaching, 261, 347
Depreciation, 230
Diagnosis, of learning, 395, 485; of personality and adjustment, 46
Difficulty, of test items, 543, 546, 552
Directories, 463, 464, 466
Discipline, 22, 282
Distance from school, 24
Documentary analyses, 437
Drama, 305, 372

Economic outcomes of education, 523
Economies, 229
Education and society, 521
Educational opportunity, 86; equalization, 157; family factors, 11, 96
Educational philosophy, 259, 289
Educational psychology (as a field), 280, 345
Eight-Year Study (of Progressive Education Association), 265, 275, 283, 364, 417, 526
Emotional climate, 21
Emotions, 350
Employment, and age, 96
English, error studies, 498; grading compositions, 511; grammar, 498
Enrichment, 28, 278
Environment, and the pupil, 346
Error studies, 425, 486, 498
Equipment, 203, 230; bibliography, 203; needed research, 203
Essay tests, grading, 526, 546
Evaluation, 348; of educational institutions, 521; of pupil competence and behavior, 33
Evaluation Staff (of the Progressive Education Association), 34
Evaluative studies, methods, 522, 528
Experimentation, design, 515; matched groups, 516; technique, 501
Extracurriculum activities, 68; participation, 68; scholarship and, 70, 72
Eye-movement studies, 6, 505

Factor analysis, 542, 552; evaluation, 543
Failure, 27, 29
Farming, 96
Fatigue, 71
Federal support for education, 162
Field trips, 339; evaluation, 339
Floors, cleaning, 232; maintenance, 232
Follow-up studies, 58, 88, 98, 112, 115, 436, 492, 523, 535
Foreign education, guidance, 119
Former students, 523
Fraternities, 73
Freedom, of will, 297
Frequency studies, 563
Frustration, 350
Functional aspects of learning, 33

Galvanometric studies, 396
General education, 274
Generalization, 345, 372, 425
Generic research, 6
Genetic research, 482
Geometry, 425, 430
German education, 347
Gifted children, educational provisions for, 28
Government, reports, 565
Grade placement, 340; of subjectmatter, 7
Graphs, 565, 568; pictographs, 566
Group interaction, 8
Groups, 21, 66, 73; effect on members, 10, 78; members, 69
Growth and development, curves, 5, 9; growth studies, 5; needed research, 6
Growth and development (of individuals), 36
Guidance and counseling, 66; appraisal, 79, 88; foreign, 119; fundamental conditions, 21, 67; group guidance, 66; in college, 91, 115; in elementary school, 86, 110, 124; needed research, 80, 120, 132; practices, 89; programs, 67, 76, 109; techniques, 67, 76; training for, 124; vocational, 87
Gymnasium, 205

Health, activities and, 70; attendance and, 24; attitudes, 379; surveys, 494

Health services in schools, equipment, 205
Heating, 230; equipment, 206
High-school pupils, 8
Higher education, appraisal, 522; curriculum, 92
Historical method, 466
History, bibliography, 465
Home and family life, education for, 15
Home arts, equipment, 205
Homeroom, activities, 75; guidance, 89
Home study, 398
Homogeneity of data, 506
Housing, 162, 246
Hypotheses, 504

IBM machines, 550
Incidental teaching, 7; arithmetic, 387
Income (personal), 99
Individual differences, 512; in science, 380
Individualized instruction, 302
Industrial arts, equipment, 205
Insurance, accident, 242; legal aspects, 247; liability, 248
Intangible outcomes, 21; appraisal, 34, 284
Intelligence, achievement and, 12, 47; activities and, 69; environment and, 6; prediction, 5
Interests, 50, 295, 312; in study, 31; measurement, 349
Interpersonal relations, 76, 482
Interpretation of data, 34
Interviews, 51, 536; evaluation, 52; in teaching, 537; recording, 537; reliability and validity, 53; vocabulary, 537
Isochrons, 6
Item analysis, 546, 552

Janitors, 228, 245
Judgments, 52, 511
Junior colleges, 92, 117

Kindergartens, equipment, 205

Laboratories, 204
Laboratory method, 418
Language, studies of, 497
Leadership, 10, 69, 71, 75, 77, 351
Learning, distribution of practice, 508, 515; studies of, 346
Lecture method, 300
Legal research, methods, 468
Legislation and court decisions, 182; bibliography, 468
Letter writing, 497
Liability, 241, 248
Liberalism-conservatism, 13, 78, 417, 503
Libraries, 323; adult education and, 329; bibliography, 323; college, 323, 328; cooperative programs, 325; costs, 326; evaluation, 324, 326; function, 323; high school, 323; instruction about use, 329; needed research, 330; school, 323; surveys, 324; use of, 327
Life activities, 436
Lifelike situations, 7, 73, 436
Lighting, 206, 211; amount needed, 198, 213; glare, 216; needed research, 215
Longitudinal studies, 5, 529
Lunchrooms, 197, 205

Maintenance, of grounds, 229; of school plant, 228
Maps, reading of, 340
Marriage, attitudes toward, 13
Matching (complex), 36
Mathematics, 425; approximate computation, 406; bibliography, 363; curriculum, 405, 430; diagnosis, 431; equipment, 408; extra-school education, 435; intelligence and, 427; junior high school, 405; measurement, 408; objectives, 405; predictions, 408, 427; reading and, 407, 429; remedial instruction, 431; science requirements, 432; sex differences, 407; teacher education, 443; teaching, 430; textbooks, 408; visual aids, 408; vocabulary, 407, 429; *see also* arithmetic
Maturation, 5
Measurement, vs. evaluation, 34
Mental development, 6; prediction, 5
Methods of teaching, 299
Microphotography, 340, 469
Mobility, of population, 157
Morale, 8, 14, 348
Motion pictures, 438; appreciation, 338; equipment, 339; in education, 337; production, 338
Motivation, 50, 376
Music, learning, 515; piano, 515

National defense, 162; trade training, 165
Nature and nurture, 6
Needed research, equipment, 203; growth and development, 6; guidance, 80, 120, 132; libraries, 330; lighting, 215; science, 448; war conditions, 366
Negro education, housing, 192, 195
Negroes, youth, 11
New York City activity experiment, 277, 282, 364
Newspapers and magazines, 437

Nonpublic education, public money for, 243
Nonschool educational agencies, 435
Nonteaching personnel, 228
Norms, 420
Null hypothesis, 501, 504

Objective tests, length, 504; reliability, 504
Objectives, 292, 528
Observation, as a research technique, 481; of behavior, 8, 36, 76; of social life, 495
Occupational surveys, 95
Occupations, changing conditions and requirements, 94; classification, 93; fathers and sons, 10, 96
Office equipment, 205
Operation of school plant, 180, 230
Out-of-school activities, 436
Outcomes of education, 21, 530; changes in behavior, 419

Painting, of buildings, 231; of classrooms, 218, 231
Participation, in administration, by students, 72, 75
Perception, 6
Periodicals (professional), evaluation, 563; lists and indexes, 460, 464, 465
Persistence, 351; in school, 24
Personal documents, 480
Personal problems, 117
Personal values, 10
Personality, 349, 479; development, 10, 21; environment and, 21; factor analysis, 538; handicapped children, 507; patterns, 14, 483; physical bases, 481
Personality measurement, 349, 479, 537; approaches, 479, 487; evaluation of tests, 538; observation, 479; qualitative aspects, 479, 484; scoring, 51, 553
Philosophy, 290; value, 293
Phonograph, in schools, 314; transcriptions, 314
Photographic recording, sociological, 566
Physical defects, 24
Physical development, 5, 12
Physics, 413, 432
Physiological maturity, 5
Pictographs, *see* graphs
Pictures, 340, 564
Plans for pupil grouping, 28
Play, therapy, 78
Playgrounds, 206; *see also* sites
Plumbing, 203, 205, 233
Political theories, 13
Population, changes, 143, 156; density, 156; prediction, 158
Postwar reconstruction, 366
Prediction, 46; of college success, 13, 46, 116, 416, 420, 428
Preschool children, personality, 485
Primary mental abilities, 11
Probable error, 505
Probation of students, 30
Professional aptitudes, 46, 116
Progress in school, 497
Progressive education, 262
Project method, 300
Projective techniques, 35, 483
Promotion of pupils, 26
Propaganda, 508
Psychology, bibliography, 463
Psychophysical measurement, 546
Psychotherapy, techniques, 52, 78
Public relations, 338, 564; and research, 564
Pupil personnel services, organization, 26
Pupil-teacher ratio, 412
Pupils, 5
Purchasing, specifications, 203

Questionnaires, 523, 534; administration, 535; preparation, 534; reliability and validity, 535; sampling, 535

Radio, 305; bibliography, 305; comprehension, 313; education, 311; education by, 373; equipment, 307; evaluation, 309, 315; production of programs, 305, 314; programs, 308; public address, 206; research, 306, 559; science education, 438; training, 315
Rating, of pupils, 526; self-rating, 37
Reading, achievement, 6; college students, 13; diagnosis, 485; difficulties, 486; errors, 486; growth, 6; interests, 12, 328; prediction, 6; sex differences, 327; sociology of, 328
Reasoning, studies of, 514
Records, personnel, 31, 36; test, 33
Recreation, equipment, 206; provisions for, 146
Regents' Inquiry (New York State), 527
Regional testing, 495, 553
Reliability, Calculation of, 503, 506, 544; concept of, 506, 544; Kuder-Richardson formula, 506, 544
Religious lucation, 74
Renting school quarters, 244, 245
Reorganization, 238
Reports, annual report of superintendent, 564; technical, 562

Research, applications, 558, 570; bibliography, 463; consumers', 559, 561, 570; evaluation of, 559; implementation, 569; "pure" vs. applied, 559; reporting, 517, 558, 562, 565; summaries, 560, 562; synthesis, 559, 560
Research techniques, social development, 284
Retardation, 29
Retarded children, 28, 494; curriculum, 278, 405
Retention, 407, 414
Review of Educational Research, 460, 468, 561
Rorschach technique, 484
Rural culture, surveys, 494
Rural education, 207; housing, 144, 154, 246

Safety, 189, 193, 198, 230
Sampling, 494; procedures, 535; theory, 543
School buildings, adaptation to educational programs, 168; architecture, 168, 178; bibliography, 169; codes, 238; construction management, 168; contracts, 187; costs, 191, 194, 224; designing, 168, 178, 191, 224; functional design, 141; legislation and court decisions, 182, 241; national defense and, 162; needs, 151, 162, 164; planning, 145, 168, 193; teachers' rooms, 199; trends, 178, 191; *see also* equipment, maintenance, operation
School population, characteristics, 5; number and change, 23, 156
School subjects, evaluation by alumni, 436, 523; evaluation by students, 88
Science, 412; auditory aids, 373, 381, 438; bibliography, 363; clubs, 439; college, 412, 416; curriculum, 370, 376, 412; elementary school, 369, 444; equipment, 204; evaluation, 418; experiential background, 381; extraschool education, 435; general science, 375, 376, 446; interests, 375, 415, 439; junior high, 375; misconceptions, 417; needed research, 366, 448; objectives, 369, 416; offerings, 412; outcomes, 417; philosophy and, 291, 295; predictions, 420, 432; sex differences, 375, 415, 439; superstitions, 417; teacher education, 204, 443; teaching, 301, 369, 375; visual aids, 338, 340
Scientific attitudes, 378, 417
Scientific method, 379
Scoring, 51, 502, 546; correction for guessing, 546; machine, 553; weighted, 553
Seating, 142, 204
Secondary education, appraisal, 522, 526
Secondary schools, accrediting, 522; appraisal, 526
Selective factors, in college attendance, 15; in school attendance, 11, 24, 47, 96
Self-report, 480; validity, 538
Semantics, 497
Sex, attitudes, 13; education, 15
Sites, 171, 176; legal aspects, 173, 243; surfacing, 198, 206
Size of classes, effect on learning, 337
Slide rule, 431
Social adjustment and behavior, 8, 10, 73
Social background of education, 151, 292, 347
Social maturity, 6; measurement, 35
Social outcomes of education, 158, 526; evaluation, 524
Social processes, 77
Social research, 347
Social sciences, bibliography, 465
Social studies, bibliography, 465; curriculum, 274; equipment, 205
Social surveys, 494; methods, 151, 494
Socio-economic status, health and, 24; measurement, 152, 154; surveys, 152
Sociology, bibliography, 465
Sociometry, 77
Sound recording, 52, 396
Spearman-Brown technique, 503, 544
Special rooms, 170, 205
Spelling, diagnosis, 487; psychology, 6
State departments of education, 169
State school administration, 237
State support for education, 237
Statistical methods, 501, 542; bibliography, 542; high school, 405
Statistics, reporting, 562
Stenographic recording, 53
Student government, 72
Student publications, 76
Study, habits, 380; methods of, 30
Style (in formal reports), 562
Success, in life, 71; in school, 29, 526
Superstitions, 350, 379
Survey courses, in science, 413, 447
Surveys, city, 493; guidance, 111; method, 492, 493; state, 492
Swimming pool, 205
Syndromes, 483
Synthesis, of evidence, 484, 486

Tabulating machines, 33, 550; coding, 552
Taxation, federal, 249; legislation and

court decisions, 246; of higher institutions, 249; of school property, 246
Teacher education, 443; for guidance work, 124; in-service, 448
Teachers, out-of-school activities, 445
Tension, 78
Territorial units, legal aspects, 247; reorganization, 238
Tests and scales, construction, 542
Tests of significance, 543; for differences, 502, 507
Textbooks, analysis, 376, 397, 432, 445; appraisal, 397, 408; difficulty, 397
Theses, guides to, 462, 465; standards for, 562
Thinking, 345; careful, 425; measurement, 34; teaching, 425
Transfer, of training, 345, 425
Transportation of pupils, 148
Twins, 346, 505

Unit plan of teaching, 302, 383
Urban culture, 151

Validity, 545
Variability, in classes, 510; in performance, 512; within classes, 29
Ventilation, 230
Villages, surveys, 494
Visual aids, 374, 382; in education, 336, 566; equipment, 339
Vocabulary, adults, 498; burden, 377; children, 498; frequency studies, 397, 498
Vocational adjustment and success, 73, 87; surveys, 523
Vocational aptitudes, 48
Vocational education, housing, 142
Vocational information, 87, 97
Vocational interests and choices, 10, 14, 50, 86, 91; in relation to employment opportunities, 10
Vocational opportunities, 28, 93, 96

Weighting, 51, 546
Whole child, education of, 7, 36
Windows, 211
Women, legal status, 96
Workbooks, 383, 397
World War II, college education, 416; needed research, 366

Youth, guidance, 118; needs, 99; out-of-school, 144; surveys, 9, 526

Z-transformation, 501, 505
